## **Statutory auditors' report on the consolidated financial statements**

For the year ended 31 December 2020

To the shareholders of Erytech Pharma S.A.

### **Opinion**

In compliance with the engagement entrusted to us by your annual general meeting, we have audited the accompanying consolidated financial statements of Erytech Pharma S.A. for the year ended 31 December 2020.

In our opinion, the consolidated financial statements give a true and fair view of the assets and liabilities and of the financial position of the Group as at 31 December 2020 and of the results of its operations for the year then ended in accordance with International Financial Reporting Standards as adopted by the European Union.

The audit opinion expressed above is consistent with our report to the Audit Committee.

### **Basis for Opinion**

#### ***Audit Framework***

We conducted our audit in accordance with professional standards applicable in France. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Our responsibilities under those standards are further described in the *Statutory Auditors' Responsibilities for the Audit of the Consolidated Financial Statements* section of our report.

### **Independence**

We conducted our audit engagement in compliance with independence requirements of the French Commercial Code (code de commerce) and the French Code of Ethics (code de déontologie) for statutory auditors for the period from 1<sup>st</sup> January 2020 to the date of our report and specifically we did not provide any prohibited non-audit services referred to in Article 5(1) of Regulation (EU) No 537/2014.

### **Justification of Assessments - Key Audit Matters**

Due to the global crisis related to the Covid-19 pandemic, the financial statements of this period have been prepared and audited under specific conditions. Indeed, this crisis and the exceptional measures taken in the context of the state of sanitary emergency have had numerous consequences for companies, particularly on their operations and their financing, and have led to greater uncertainties on their future prospects. Those measures, such as travel restrictions and remote working, have also had an impact on the companies' internal organization and the performance of the audits.

It is in this complex and evolving context that, in accordance with the requirements of Articles L.823-9 and R.823-7 of the French Commercial Code (code de commerce) relating to the justification of our assessments, we inform you of the key audit matters relating to risks of material misstatement that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period, as well as how we addressed those risks.

These matters were addressed in the context of our audit of the consolidated financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on specific items of the consolidated financial statements.

### **Going concern**

*Note 2.1 "Basis of preparation" and Note 6 "Management of financial risks" to the consolidated financial statements*

#### **Key audit matter**

As described in Note 2.1 "Basis of preparation" and Note 6 "Management of financial risks" to the consolidated financial statements, the Company believes it will be able to fund its operations until the first quarter 2022.

At the approval date of the financial statements, the Company assessed the underlying assumptions of going concern, considering:

- Cash and cash equivalents held by the Company amounting to 44.4 million euros as of 31 December 2020. They are composed of cash and term deposits readily available without penalty;
- Shares sold under the at-the-market ("ATM") program in February 2021, for gross proceeds of 6.6 million euros;

- The issuance of a tranche of convertibles notes of 3.0 million euros in March 2021, as part of the financing agreement signed with Luxembourg-based European High Growth Opportunities Securitization Fund;
- The possibility of further use of this financing agreement allowing a potential fundraising up to a maximum of 42.0 million euros until June 2022, subject to the regulatory limit of 20% dilution, representing approximately 33.0 million euros based on the closing market price the day before the approval date of the Consolidated Financial Statements (€7.10);
- The cash consumption forecasted for the year 2021.

We identified the assessment of the Company's ability to continue as a going concern as a key audit matter because the assessment of going concern is dependent upon certain management assumptions and judgments and due to the inherent uncertainty involved in forecasting future cash flows.

***How the matter was addressed in our audit***

We obtained and assessed the relevance of the analysis performed by management on the Company's ability to continue as a going concern during the 12 months after the closing date.

- We gained an understanding of the process implemented to prepare the cash flow forecasts and estimated expenditures;
- We assessed the key assumptions used by management in the cash flow forecast, based on our understanding of the Company's business and future plans approved by the directors;
- We assessed the amounts that could be drawn down by the Company from available sources of funding, including the OCABSA program, depending on the stock market price and subject to the regulatory limit of 20% dilution;
- We assessed the appropriateness of the related disclosures in the financial statements;
- We enquired of management whether there are circumstances or events which occurred since 31 December 2020, that might put into question the going concern assessment.

**Estimate related to the accrual for hospital costs incurred in connection with the clinical trials**

*Note 2.5 "Use of estimates and judgments" and Note 4.11 "Trade payables and other current liabilities" to the consolidated financial statements*

***Key audit matter***

As described in Note 2.5 "Use of estimates and judgments" and Note 4.11 "Trade payables and other current liabilities" to the consolidated financial statements, judgment is required from management when estimating the accrual for hospital costs incurred in connection with the clinical trials sponsored by the Company. This accrual amounts to 10.8 million euros as of 31 December 2020.

Considering the material amount of the accrual for hospital costs and the level of judgement required, we consider this estimate is a key audit matter.

### ***How the matter was addressed in our audit***

- We gained an understanding of the process for estimating the accrual for hospital costs incurred in connection with the clinical trials;
- We assessed the adequacy of the calculation model and the key assumptions used by management, in particular for the nature of costs incurred in ongoing clinical trials, and the consistency with the clinical protocol of the trials;
- We corroborated data used by the company for the number of active sites, the number of randomized patients and the variable cost per patient with available data in the clinical department of the company and with the contracts signed with active sites;
- We verified the accuracy of the calculation performed to estimate the total amount of hospital costs incurred and the amount of the related accrual.

### **Specific Verifications**

We have also performed, in accordance with professional standards applicable in France, the specific verifications required by laws and regulations of the Group's information given in the management report of the Board of Directors.

We have no matters to report as to its fair presentation and its consistency with the consolidated financial statements.

### **Report on Other Legal and Regulatory Requirements**

#### ***Format of presentation of the consolidated financial statements included in the annual financial report***

In accordance with Article 222-3, III of the AMF General Regulation, the Company's management informed us of its decision to postpone the presentation of the consolidated financial statements in compliance with the European single electronic format as defined in the European Delegated Regulation N° 2019/815 of 17 Decembre 2018 to the year beginning on or after 1 January 2021. Therefore, this report does not include a conclusion on the compliance with this format of the presentation of the consolidated financial statements intended to be included in the annual financial report mentioned in Article L.451-1-2, I of the French Monetary and Financial Code (code monétaire et financier).

#### ***Appointment of the Statutory Auditors***

We were appointed as statutory auditors of Erytech Pharma S.A. by the annual general meeting held on 24 June 2016 for KPMG S.A. and on 21 June 2019 for RSM Paris.

As at 31 December 2020, KPMG S.A. and RSM Paris were in the 5th year and 2nd year of total uninterrupted engagement, which are the 5th year and 2nd year since securities of the Company were admitted to trading on a regulated market, respectively.

Furthermore, KPMG Audit Rhône-Alpes-Auvergne, member of the KPMG network, was previously statutory auditor of the entity from 2010 to 2015, and KPMG S.A. was previously statutory auditor of the entity from 2004 to 2010. RSM Rhône-Alpes, member of the RSM network, was previously statutory auditor of the entity from 2014 to 2018.

### **Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements**

Management is responsible for the preparation and fair presentation of the consolidated financial statements in accordance with International Financial Reporting Standards as adopted by the European Union and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the consolidated financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless it is expected to liquidate the Company or to cease operations.

The Audit Committee is responsible for monitoring the financial reporting process and the effectiveness of internal control and risks management systems and where applicable, its internal audit, regarding the accounting and financial reporting procedures.

The consolidated financial statements were approved by the Board of Directors.

### **Statutory Auditors' Responsibilities for the Audit of the Consolidated Financial Statements**

#### *Objectives and audit approach*

Our role is to issue a report on the consolidated financial statements. Our objective is to obtain reasonable assurance about whether the consolidated financial statements as a whole are free from material misstatement. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with professional standards will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these consolidated financial statements.

As specified in Article L.823-10-1 of the French Commercial Code (code de commerce), our statutory audit does not include assurance on the viability of the Company or the quality of management of the affairs of the Company.

As part of an audit conducted in accordance with professional standards applicable in France, the statutory auditor exercises professional judgment throughout the audit and furthermore:

- Identifies and assesses the risks of material misstatement of the consolidated financial statements, whether due to fraud or error, designs and performs audit procedures responsive to those risks, and obtains audit evidence considered to be sufficient and appropriate to provide a basis for his opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtains an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the internal control.
- Evaluates the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management in the consolidated financial statements.
- Assesses the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. This assessment is based on the audit evidence obtained up to the date of his audit report. However, future events or conditions may cause the Company to cease to continue as a going concern. If the statutory auditor concludes that a material uncertainty exists, there is a requirement to draw attention in the audit report to the related disclosures in the consolidated financial statements or, if such disclosures are not provided or inadequate, to modify the opinion expressed therein.
- Evaluates the overall presentation of the consolidated financial statements and assesses whether these statements represent the underlying transactions and events in a manner that achieves fair presentation.
- Obtains sufficient appropriate audit evidence regarding the financial information of the entities or business activities within the Group to express an opinion on the consolidated financial statements. The statutory auditor is responsible for the direction, supervision and performance of the audit of the consolidated financial statements and for the opinion expressed on these consolidated financial statements.

#### *Report to the Audit Committee*

We submit a report to the Audit Committee which includes in particular a description of the scope of the audit and the audit program implemented, as well as the results of our audit. We also report, if any, significant deficiencies in internal control regarding the accounting and financial reporting procedures that we have identified.

**Erytech Pharma S.A.**  
*Statutory auditors' report on the consolidated financial statements*  
8 March 2021

Our report to the Audit Committee includes the risks of material misstatement that, in our professional judgment, were of most significance in the audit of the consolidated financial statements of the current period and which are therefore the key audit matters, that we are required to describe in this audit report.

We also provide the Audit Committee with the declaration provided for in Article 6 of Regulation (EU) N° 537/2014, confirming our independence within the meaning of the rules applicable in France such as they are set in particular by Articles L.822-10 to L.822-14 of the French Commercial Code (code de commerce) and in the French Code of Ethics (*code de déontologie*) for statutory auditors. Where appropriate, we discuss with the Audit Committee the risks that may reasonably be thought to bear on our independence, and the related safeguards.

Lyon, on the 8 mars 2021

Paris, on the 8 March 2021
