About PHERECYDES

Founded in 2006, Pherecydes Pharma is a biotechnology company that develops treatments against resistant bacterial infections, responsible for many serious infections. The Company has developed an innovative extended phage therapy approach, based on the use of phages, natural bacteria viruses. Pherecydes Pharma is developing a portfolio of phages targeting 3 of the most resistant and dangerous bacteria, which alone account for more than two thirds of hospital acquired resistant infections: Staphylococcus aureus, Escherichia coli and Pseudomonas aeruginosa.

Headquartered in Nantes, Pherecydes Pharma has a team of around thirty experts from the pharmaceutical industry, biotechnology sector and academic research.
